**QUARTERLY CONSUMER OUTREACH REPORT OF  
PUBLIC SERVICE WIRELESS SERVICES, INC.**

Public Service Wireless Services, Inc. ("PSWS"), pursuant to Section 27.20 of the Commission's rules, hereby submits its quarterly report, covering the calendar quarter ending June 30, 2008, describing any outreach efforts it has undertaken to educate consumers about the transition from analog broadcast television service to digital broadcast television service (DTV).<sup>1</sup>

PSWS was the successful bidder for two licenses in the 700 MHz Band pursuant to FCC Auction No. 73. On June 26, 2008 the Commission announced the grant of certain long form applications, including PSWS' application for licenses in the 700 MHz.<sup>2</sup> PSWS was granted licenses with call signs WQIZ607 and WQIZ608 (the "700 MHz Licenses"). By separate public notice, the Commission reminded the new licensees of their obligation to file a quarterly report describing their consumer education efforts in connection with the DTV transition.<sup>3</sup> This public notice indicated that the report covering the calendar quarter ending June 30, 2008 would be due by July 10, 2008.

---

<sup>1</sup> See 47 C.F.R § 27.20.

<sup>2</sup> *Wireless Telecommunications Bureau Grants 700 MHz Band Licenses*, Report No. AUC-73 (Auction No. 73) FCC Public Notice, DA 08-1522 (rel. June 26, 2008).

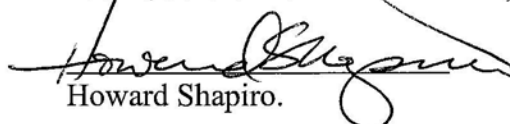

<sup>3</sup> *Wireless Telecommunications Bureau Reminds 700 MHz Band Licensees of Quarterly Reporting Requirements Relating to DTV Consumer Education Outreach*, FCC Public Notice, DA 08-1521 (rel. June 26, 2008).

For the quarter ending June 30, 2008, PSWS has not implemented consumer outreach efforts for any customers on services relating to the 700 MHz Licenses because it does not have any such customers. PSWS has not yet had the opportunity to purchase equipment or deploy services on the 700 MHz Licenses. Nevertheless, affiliates of PSWS have implemented consumer outreach efforts regarding the DTV transition for their cable television subscribers and Lifeline and Link Up customers. DTV transition information is included in monthly bills to these subscribers and customers as required by the Commission's rules. A detailed FAQ on the DTV transition has also been posted on an affiliate website ( <http://www.flintcatv.com> ). Finally, PSWS affiliates have placed public announcements in local newspapers containing information on the DTV transition along with phone numbers and website addresses to government sites.

Pursuant to the Commission's rules, PSWS will continue to report its consumer outreach efforts regarding the DTV transition on a quarterly basis.

Respectfully submitted,

**Public Service Wireless Services, Inc.**
